Rotta del Sale

Tip for a short bike trail from Emilia-Romagna naar Veneto

“Rotta del Sale-Bike Trail” Bike Trail is a 278 km off-road bike trail, starting from Cervia and finishing in Venezia and crossing the Parco Delta Po in Emilia Romagna and Veneto.

The trail runs along the historical nautical route of salt, which has been used for centuries by boats carrying salt from Cervia's salt pans to Venice and runs by the cities of Ravenna, Comacchio and Chioggia, before stopping in Venice with a final section on both bike and boat from Pellestrina.

It's possible to include some overnights, for example in Ravenna/Lidi Ravennati and Chioggia/Sottomarina.
